

Command 92DVR-IR HD Drive Recorder

The **Command Drive Recorder™ 92DVR-IR DVR** is a car safety product that can be used for many functions, but primarily to provide police or your insurance company with clear evidence of the details of a traffic accident. The DVR records HD video and also has the ability to take still photos and record audio. The unit has an SD card slot for easy data storage and a HDMI output for high definition playback. This product can be used in a wide range of applications for recording anywhere, any time. System settings include time and date, owner's number plate details, automatic shutdown and saving, multi language selection, screen saver and light sensing technologies.
